AIR® There's comfort in strength

14 SEER Air Conditioner

High Efficiency and Energy Savings

COMFORT

A decision you will be comfortable with

Drain Pans are Protected with Microban®: inhibits the growth of odor causing mold and bacteria.†

Uses R410a Refrigerant: a chlorine free, high performance refrigerant that is better for the environment.

DURABILITY

We set the new standard for durability

Steel Cabinet: protects against damage and the elements.

Louvered Side Panels: feature powder-coated gray paint that will inhibit rust or fading and maintain a “new” appearance.

Onboard Diagnostics: continually monitor operation and provide critical service and maintenance information.

QUIET

Just listen to how quiet it is

Heavy Duty Insulation Blanket: and a wire fan guard reduce operating sound.

ENERGY SAVINGS

Save energy and save money*

Up to 15 SEER Rating: the higher the SEER rating, the more efficient the unit operates, and the more you will save on cooling bills! Visit www.armstrongair.com/calculator to learn more.

FEDERAL TAX CREDIT

You deserve the credit

This product may be eligible for a tax credit under the Middle Class Tax Relief Act.

Please visit www.armstrongair.com/ustax for full details.

Warranty applies to residential applications only. See full warranty at www.alliedair.com for terms, conditions and exclusions.

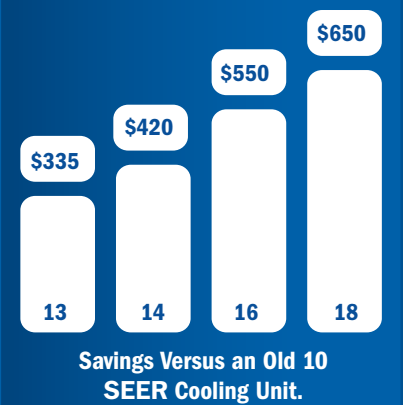

†Applies to indoor coil section of an Armstrong Air matched system.

*Actual savings may vary on systems settings, equipment installation and maintenance, duct system, local climate, local utility rates and hours of operation.

**Proper sizing and installation of equipment is critical to achieve optimal performance. Split system outdoor units must be matched with appropriate coil components to meet Energy Star® criteria. Ask your contractor for details or visit www.energystar.gov.

5 YEAR ENERGY SAVINGS

Air conditioner calculations are based on every \$100 spent to cool a home using a 3-ton, 13 SEER unit. Hours of operation are based on the US national average for electricity consumption. Actual costs and savings will vary depending on weather conditions, usage, location and local utility rates. This information is intended as an example for comparison purposes only.
